RESOLUTIONS.

The committee on resolutions then reported as follows:

Resolved, by the Democracy of Barber County, in convention assembled: 1st We heartily endorse the wise, judicious and economical administration of Grover Cleveland and regard his nomination as the carrying out of the expressed wishes of the masses, and we regard the coupling with his name that of the noble old Roman, Allen G. Thurman, as wise and satisfactory.

2d We endorse the nominations made by the Democrats of this state at Leavenworth, July 4th, 1888 and commend to all voters that gallant, courageous and eloquent democrat, John Martin, as par excellence the best man in Kansas for governor.

3d We endorse the action of our party in demanding the reduction of the tariff and will hail the day when only such revenue is derived from imports as will insure to all voters the right of a government economically administered. We favor cheaper clothing rather than cheaper whisky, we favor cheaper blankets rather than cheaper tobacco, and we demand of congress laws that will favor the honest toiler on the farm of the west rather than laws that will fatten the protected millionaire of the east.

4th We demand that the candidate for representative in the legislature nominated to-day shall introduce bills for the reduction of the legal rate of interest; to give the owner of real property, sold under execution, two years to redeem the same; to prohibit the issuance of any bonds or aids to companies or corporations; to prohibit the issuance of any bonds running longer than twenty years and bearing a greater rate of interest than five per cent.; and we demand that all bonds issued be redeemable at the pleasure of the county at any time and at any place after five years from the date of issue.

5th We favor a liberal pension roll of soldiers and sailors.

6th We endorse the late message of president Cleveland on the Sherry event, and demand that congress pass such laws as are necessary for the president to uphold the dignity of the United States and protect American fishermen.

7th We denounce the Republican administration of Barber county for the loose manner in which the county treasurer conducts the affairs of his office, in advertising property for sale when the taxes have been paid.

8th We also denounce the acts of the Republican county commissioners

for buying a city park for the city of Medicine Lodge at the expense of the citizens of Barber county.

9th. We favor such economical administration of county affairs that Barber county scrip will be at par with the national currency, and we denounce as tyrannical and ruinous the present financial system in which the affairs of Barber county is administered, and we recommend that our county funds be deposited with the solvent bank that pays the highest interest for the same.

The resolutions were adopted and the committee discharged.
